Reference: Worldwide Safety Consulting

I would like to thank Worldwide Safety Consulting for outstanding service and excellence. I have used WWSC for several years now for staffing and training for our preferred clients. I have received positive feedback from our clients; you have exceeded our expectations with some challenging projects. I would like to thank you and your team for staffing our Northern Indiana Power, Bechtel and Kiewit projects. I look forward to future projects instilling the safety culture to our employees and customers.

Sincerely,
Dean P. Warren A.A.S, CST, EMT-B
Safety Director
